

CONTINUING EDUCATION WORKSHOP SERIES

Presented by
Vitas Healthcare

Workshop Three

Predicting Prognosis: Guidelines for End-of-Life Decisions

This workshop identifies clinical indicators of a life-limiting prognosis and disease-specific prognostic indicators. Discusses trajectory of decline within diseases that demonstrate hospice appropriateness and uses case vignettes for assessment of prognosis and documentation specific to decline in function within diseases.

CEUs for Social Workers, RNs and LPNs: 1 hr/ 1 CE Credit

Presented by Barbara Holosz, Patient Care Administrator, VITAS Healthcare

Barbara has worked in hospice for over 30 years, most recently as the Patient Care Administrator for VITAS Healthcare. During her hospice tenure she has started up a new hospice company, been named Administrator of the Year by the New Jersey Hospice and Palliative Care Organization, and sat on their Board of Trustees for 6+ years advancing the interests of Hospice in New Jersey.

VITAS Healthcare is a leader in the hospice movement in the US, encompassing a growing family of hospices that provide the highest quality human services, products and case management to terminally ill and other appropriate patients and their families.

Workshops will be available live on Zoom or recorded for future viewing. Please sign in a few minutes before the workshop start time to test your connection.
