OUR SMALL HOMES

In each small home, specialized staff care for 16 residents with similar needs who require specific levels of assistance with 24-hour nursing care:

THE CEDARS
Elders with a variety of diagnoses who require assistance with activities of daily living. May have normal cognitive function, or be mildly cognitively impaired.

THE OAKS
Elders with early- to mid-stage dementia who require close- to distant supervision. Able to carry out daily activities of daily living with reminders and verbal cueing, or with minimal assistance.

THE WILLOWS
Elders with mid-stage dementia who require assistance with activities of daily living. May require mechanical lift or sit-to-stand for transfers. Able to sequence through an activity with assistance as needed with one-step directions, verbal, visual and tactile (touch) cues.

THE WOODS
Elders with late- to end-stage dementia who require extensive or total assistance with activities of daily living. Require mechanical lift or sit-to-stand for transfers; verbal, visual and tactile (touch) cues. Diet consistencies may change (thickened fluids, pureed foods, etc.). Program offers sensory touch and music for engagement and stimulation.

SMALL HOME MODEL— Sixteen residents with similar needs reside together in each small home. The model facilitates socialization, which, in turn, stimulates cognition.

COMMUNITY CENTER— Connected to all six small homes, with an alternate dining area, the Great Room for large gatherings, the Wellness Center for exercise or therapy, and the Tree Top Terrace.

ALTERNATE DINING SITES — Residents dine together in each small home but have the option of enjoying meals in our formal dining room or at the Cypress Café with family and friends.

PRIVATE OR SEMI-PRIVATE BEDROOM SUITES
Our uniquely designed and beautifully appointed suites include a large bathroom with a shower.

OUR GOAL — To enhance the lives of our residents through a person-centered and holistic approach to caring for the mind, body, and spirit.

PARKER AT MONROE

PARKER IS A LEADER in the transformation of traditional institutional long-term care practices to person-directed living. For Parker at Monroe, we created a unique nursing care residence which blends an environment similar to an assisted living residence with best practices of 24/7 nursing care.

EACH SMALL HOME has a bright and open kitchen and dining area, where you will enjoy a varied menu for every meal, freshly prepared by our chefs.

YOUR SUITE OPENS to a comfortable living room with a fireplace. Small homes also include a sunroom, family room and activity area for a variety of programs.

PARKER AT MONROE, newly constructed in 2014, consists of three two-story buildings connected to a Community Center. Each building contains two small homes, one on each floor. Sixteen residents with similar needs live together in each small home. We provide skilled nursing care, including memory care services for individuals with all stages of dementias, who may also have complex physical needs.

EVERY SMALL HOME welcomes residents and guests with convenient parking only steps away from an inviting porch, front door, and foyer. Additionally, each small home has easy access to a lovely outdoor courtyard patio.

PARKER AT MONROE is a community where your views and wishes, as well as those of your family, are encouraged and respected. Here, you are a direct participant in decisions that affect your daily life and care. It is a community where you have dignity and respect; our goal is to assist you in enjoying purposeful living in a caring, supportive, and beautiful environment.

YOU WILL ENJOY your comfortable private or semi-private bedroom suite with fully-accessible bathroom and spacious shower. The bedroom, bathroom and shower are designed to support your mobility and safety with easy assistance by care partners.
